1. Mainly sunny. Maximum temperatures well above normal, minimum temperatures above normal. Winds light.
2. Clear. Temperatures above normal. Winds light.
3. Sunny with visibility reduced overnight in smoke. Maximum temperatures well above normal, minimum temperatures above normal. Winds light.
4. Sunny. Maximum temperatures well above normal, minimum temperatures above normal. Winds light increasing to moderate by late morning.
5. Increasing cloud overnight, becoming overcast with afternoon drizzle. Temperatures above normal. Winds moderate with strong gusts by late afternoon.
6. Clearing overnight becoming variable cloudiness by late afternoon. Temperatures near normal. Winds decreasing to light overnight.
7. Mainly cloudy, clearing by late afternoon. Temperatures slightly below normal. Winds light.
8. Variable cloud overnight becoming sunny by early morning with smoke overnight to late morning reducing visibility below 1 kilometre. Maximum temperature near normal, minimum temperature below normal. Winds light.
9. Clear becoming variable cloud by early morning. Maximum temperature near normal, minimum temperature below normal. Winds light.
10. Clearing overnight. Temperatures near normal. Winds light increasing to moderate by early morning and decreasing to light by late afternoon.
11. Increasing cloud overnight with afternoon showers, clearing by early evening. Maximum temperature above normal, minimum temperature near normal. Winds light increasing to moderate with strong gusts by early afternoon, decreasing to light by early evening.
12. Sunny with few afternoon clouds. Temperatures slightly below normal. Winds light increasing to strong with gusts to gale force in early morning decreasing to light by late afternoon.
13. Becoming overcast overnight with snow in early afternoon ending by early evening. Maximum temperatures well below normal, minimum temperatures below normal. Winds light.
14. Becoming variable cloud overnight. Temperatures well below normal. Winds light.
15. Increasing cloud overnight with snow in early evening. Maximum temperatures well below normal, minimum temperatures below normal. Winds light.
16. Variable cloud with snow in early evening. Temperatures well below normal. Winds light.
17. Variable cloud with snow overnight ending by late afternoon and clearing by late evening. Temperatures well below normal. Winds light increasing to moderate with strong gusts by late morning and decreasing to light by late afternoon.
18. Mainly sunny. Temperatures well below normal. Winds light.
19. Increasing cloud overnight with snow by early morning changing to freezing rain by early afternoon ending by late afternoon. Maximum temperature well below normal, minimum temperature below normal. Winds light increasing to moderate by early morning.
20. Overcast with snow in late morning ending in early afternoon. Maximum temperature well below normal, minimum temperature near normal. Winds moderate decreasing to light by early morning.
21. Variable cloud overnight becoming clear by early afternoon. Temperatures near normal. Winds light increasing overnight to moderate with strong gusts decreasing to light by early evening.
22. Clear becoming mainly cloudy by late morning. Temperatures above normal. Winds light.
23. Clearing overnight with afternoon cloudy periods. Maximum temperatures above normal, minimum temperatures near normal. Winds light.
24. Becoming cloudy overnight with visibility reduced in smoke clearing in early evening. Maximum temperature above normal, minimum temperature near normal. Winds light increasing to moderate in early evening.
25. Becoming cloudy overnight clearing in early afternoon. Maximum temperature above normal, minimum temperature slightly above normal. Winds moderate with gusts to strong in early afternoon decreasing to light by early evening.
26. Mainly sunny. Temperatures near normal. Winds light.
27. Becoming cloudy with showers overnight, clearing and showers ending in early evening. Temperatures near normal. Winds increasing to moderate overnight decreasing to light by late afternoon.
28. Becoming cloudy overnight with afternoon showers. Maximum temperature near normal, minimum temperature slightly below normal. Winds light.
29. Overcast clearing in early evening. Maximum temperature near normal, minimum temperature slightly below normal. Winds light.
30. Clear with overnight fog, becoming cloudy in late afternoon. Maximum temperature slightly below normal, minimum temperature below normal. Winds light.
31. Clearing by late morning. Temperatures near normal. Winds light increasing to moderate by late morning, decreasing to light by early afternoon.
