I Need Your Help — Please Support The Red Feather Drive!

Speedy Campaign Aimed At Red Feather Target

The 1949 Community Chest campaign, which opens Wednesday, will set two and possibly three records. First is the objective. Set at \$595,719—it is the largest ever. Next, more canvassers than ever before—around 3,500—will be off with the gun Wednesday morning, pounding the pavements, ringing doorbells and collecting much-needed cash. The third record presents the biggest obstacle. Community Chest officials would like to see their objective reached in the quickest time ever.

Campaign officials hope to collect more than half-million dollars within three weeks. They want to be clear by Nov. 2. Same Appeal Many new things have cropped up this year, but the appeal behind the campaign is the same as always — "Help The Needy." Those bucks you fork over can go to help the work of any one of the 28 Red Feather welfare services. Indirectly you may be helping some infant attain health, giving a kid a head start in life, or making easier the last few years of some aged person. Reason for combining needs of all the agencies in one large objective is clear. Everyone in need gets a helping hand. No Delay Speed is the motto of this year's campaign. Everyone is asked to be on their toes. Canvassers have been asked to move faster, and when your doorbell rings you are urged to meet the chest representative with a fistful of cash. "It would be nice if we could speed up this year's drive," says R. F. Ogletree, campaign chairman. "That's why this year we are making a special request that people have their donations ready and that they remember the canvassers are giving their time voluntarily to this appeal." Objective for this year is some \$5,000 higher than last year's goal. But it is modest compared to the hike in living costs. No Surplus Says Mr. Ogletree: "We are asking only for our actual needs. We have provided nothing for reserve or deficit. This \$595,719 is the total sum of money needed by the 28 agencies we support."

Here's what the money you contributed last year did: Gave medical and nursing care to 20,733 persons; helped 5,622 families overcome personal difficulties; assisted 818 unmarried mothers; provided cash for care of 2,945 old people in various institutions; aided 478 handicapped; cared for 1,932 children in foster homes, institutions and day nurseries; gave supervised recreation and related service to 18,533 boys and girls. In short one out of every six persons living in Greater Winnipeg received aid from Red Feather services. There's the picture of Winnipeg's Number One appeal. Give to the Community Chest — more than ever before.

BIG 4 WOULD LEAVE CALGARY IN DUST SAYS SPORT SCRIBE

TORONTO, Oct. 11 (CP)—Ted Reeve of the Telegram who saw the Saturday football game at Regina said in his column today that the Canadian champion Calgary Stampeders would be in last place if they played in the Big Four. "We still rate them as a one-string collection who on a given day might beat any team in Canada," Reeve wrote, "and who if they were in the heavy going of the Big Four for the full season would be back there with the Wildcats. (Hamilton Wildcats have lost all seven league games this fall.) "They do not have as good or as many second stringers as Ottawa or as the Aregs or Alouettes but what the heck, for one 60-minute burst they might not need them."

U.K. Gets Dollars For Canada Pork

WASHINGTON, Oct. 11 (AP)—Britain today was granted \$12,200,000 (U.S.) in Marshall Plan funds to buy Canadian pork. With Canada's dollar recently devalued in relation to the U.S. dollar, this was the equivalent of \$13,420,000 in Canadian funds. The authorization announced by the Economic Co-operation was the largest such spending approval in more than three months. The new grant is in addition to \$54,550,000 previously granted Britain for Canadian meat purchases during the last year. The pork purchase approval brought to \$62,200,000 total E.C.A. grants during the last month for Britain to buy Canadian agricultural products. (Continued on Page 10, No. 4)

Theatre Reports Bogus \$10

Another bogus \$10 Canadian bank note showed up today in the city bringing to 23 the number passed in Winnipeg since Saturday noon. City police said today no arrests had been made. They said they are continuing in co-operation with R.C.M.P. the hunt for two young men who, Saturday afternoon, gave 22 phoney \$10 bills to Portage Ave. merchants. The latest bill passed was tendered at a downtown theatre but police said show officials could not say if they received the bill Saturday night or at the mid-night show Sunday. During the week-end detectives and R.C.M.P. officers staged a wide-spread search of hotels and rooming houses for the two men. Police are confident the pair are members of the gang which began operation in Vancouver and spread through Saskatchewan and Ontario in August and September.

Today's Chuckle

DEFINITIONS: A Professor is a man whose job it is to tell students how to solve the problems of life which he himself has tried to avoid by becoming a professor.

OPEN SEASON FOR DUCKS: And some of the ball-carriers really took a ducking at Osborne Stadium, Monday afternoon, when the Winnipeg Blue Bombers lost to Calgary Stampeders 3-0 on a rain-drenched gridiron. Above, the Bombers' Johnny Carpenter (No. 27) takes a nose-dive into the mud as a Calgary tackler brings him down.

Winds Disrupt City Lighting

Record-breaking rain and wind lashed the Red River region Monday, causing light but widespread damage to power and telephone communications. The storm set a new Winnipeg record for precipitation in October and scored the highest average hourly winds ever registered by the meteorological bureau. From midnight Sunday to midnight Monday, 3.04 inches of rain fell in Winnipeg, the heaviest for a 24-hour period in October since records were begun in 1874. Millions of gallons drenched the city totalling 3.38 inches of precipitation from Sunday night to 5 a.m. today. 60 M.P.H. Wind Winds reached 69 miles an hour about 7:30 p.m. Monday. The wind between 6 and 7 p.m. Monday averaged 57 miles-an-hour, the highest hourly wind since wind records were started 28 years ago. The barometer set a new low reading of 27.72 inches Monday afternoon. Beneficial results of the rain far overshadowed any damage wrought in its wake. The rains came as a boon to farmers fearful of the low reserve moisture for 1950 crops. Heavy rains were mainly confined to south-eastern Manitoba. Gimli recorded the heaviest downfall in the province with 3.66 inches over the week-end. Frost Tonight Seven degrees of frost is forecast tonight with clear weather Wednesday. The high Wednesday is forecast at 50 in Winnipeg. Many City Hydro lines were downed Monday night, blacking out some districts for an hour. Street lighting was extinguished at many points. Many customers were unable to call trouble shooters because of failure of telephone communications. The Winnipeg Electric Co. reported at least 100 trouble calls. No districts were reported out. The Manitoba Telephone System reported about 30 cables out of commission, but "nothing really out of the way." Trans-Canada circuits east were out of commission at noon today because of damage in eastern Canada. Roof Blows Off A 36-foot long section of metal roofing blew off the Edmonton Confessionary, at Edmonton St. and St. Mary's Ave., temporarily blocking traffic. A section of the high Polo Park fence along Portage Ave. collapsed in the wind. Several fires, caused by short circuits, were put out by firemen. These included a Winnipeg Electric Co. overhead transformer. (Continued on Page 10, No. 3)

Gordon Heads C.N.R.

OTTAWA, Oct. 11 (CP)—Appointment of Donald Gordon, 47-year-old deputy governor of the Bank of Canada, as chairman and president of the Canadian National Railways was announced today in the Commons.

DONALD GORDON

Mr. Gordon, wartime chairman of the prices board, will succeed R. C. Vaughan. Mr. Vaughan now is over the usual C.N.R. retirement age of 65 but has stayed on at the job at the request of the government. The appointment becomes effective Jan. 1. The announcement was made by Transport Minister Chevrier. With the appointment, Mr. Gordon takes over operating control of a \$2,500,000,000 corporate empire that includes a national rail system and hotel, steamships, telegraphs and other allied services. (Continued on Page 10, No. 2)

Hunting Mishap Kills City Man

First fatality of the province's present hunting season took the life Monday of a 22-year-old Winnipeg man. Another man died Monday night after being injured in a railway crossing mishap, and six persons, including a hunter, were injured in holiday week-end accidents.

Dead are: George Bernard Cox, Jr., 311 Jefferson Ave., West Kildonan, fatally injured near Moosehorn, Man., when a shotgun discharged a blast into his chest. Charles Hutton, 50, of Clanwilliam, Man., from injuries suffered in a railway crossing accident at Clanwilliam Saturday. Injured are: Louis Ouellette, Kenora, struck in the left arm when his shotgun accidentally discharged as he was climbing into a boat near Kenora. Paul Bernard, 48, and his wife of 303 St. Mary's Ave., and Mrs. Robert Jonah, 20, of Shellmouth, Man., all injured near Russell Sun. (Continued on Page 10, No. 1)
